SULECIN ARMY BARRACKS, POLAND

This report is a partial answer to DIA requirement DIA-AP1-63-88, to verify or pinpoint the location of Soviet military garrisons in Poland and to perform a photo analysis to determine boundaries of the installations, to determine function, number, and dimensions of buildings, to estimate troop capacity, and to identify and describe related training areas and facilities and ammunition or POL storage. This report covers a selected installation in the Sulecin area.

TALENT coverage was not available over this area. Interpretation of available KEYHOLE photography was limited by scattered clouds and haze, precluding interpretation of some of the facilities.
